Deliberative Process / Ex. 5

I have one comment to add regarding NTP and your statement about Linda Birnbaum. I would like for us to consider sending the draft to both Linda and John Bucher.

Thanks again and expect an invite for next week.

Subject: Draft manuscript - "Evaluating Cancer Bioassays Conducted by the Ramazzini Institute"

All -

Attached please find a fact sheet and draft manuscript "Evaluating Cancer Bioassays Conducted by the Ramazzini Institute".

The fact sheet was developed to present the history and key elements of the manuscript. This manuscript was developed due to the importance and high visibility of Ramazzini Institute bioassay results and the need for scientific discussion of various considerations in the interpretation of these results.

As requested, I'm providing it for your informal review prior to formal submission via webforms.

Please let me know if you have any comments or questions.

Thanks,
John
